

## GLASSLESS MIRROR CLEANING KIT INSTRUCTIONS

1. Open the soft cloth lengthwise.
2. Squirt four thick lines of cleaning solution the length of the soft cloth.
3. Fold the cloth over on itself.
4. Slip the cloth inside the zip-lock plastic bag. Seal and leave overnight so that the cleaning solution saturates the cloth.
5. Clean with gentle wipes in one direction. Do not scrub the mirror surface or clean in a circular motion.
6. Saturate a fresh cloth each time you clean your mirrors.
