

### **HOW TO REPAIR A GLASSLESS MIRROR TEAR**

- 1) Cut beginning tab off glassless mirror repair tape.
- 2) Cut a length of repair tape slightly longer than tear.
- 3) Start at one end and gently smooth tape over tear.
- 4) Repeat step #2-4 for a tear wider than the tape or a curved tear.
- 5) Allow tape to set for 24 hours before following procedure to "Remove Wrinkles from glassless mirror".
