If you prefer to fasten the mirror panel to the wall mechanically, we suggest the following:

**Wall Mounting Bracket**
- **Self Tapping Screws**
- **Holes in Mirror Panel**
- **Slots Facilitate Side to Side and Vertical adjustment**
- **Tighten Self Tap Screws Till Snug, Do not over Tighten**

**Mirror Panel**

**Mounting Bracket May be Up or Down (Hidden)**

**Attach to Wall with Suitable Fasteners**

**Self Tap Screws**

**Sufficient Space Between Back of Mirror and Wall to Allow for Irregularities**

The Installer is Responsible for Selecting a Mounting Method Suitable to the type of Wall to which the Mirrorlite Mirrors are being Mounted.
